

## 166 rear side door descending window glass guide (one) - r r with door panel (and support frame) removed 7010D22

[back to rear side door descending window glass - r r with door panel \(and mount frame\) removed](#)

---

 Removing ( [Refitting](#)  )

- **7010A04 rear side door water guard protection - r r or arrange with door panel removed**

1. With the window fully raised, unscrew the bolts retaining the guide to the door.
2. Remove the guide.

 Refitting ( [Removing](#)  )

Check the condition of the guide.

Fit the guide.

Tighten the retaining bolts.
