

KeyLEARN

Key Learn USB Pen, the revolution in technical workshop documentation!

This is the Fiat Group Automobiles USB pen drive for consulting Fiat, Lancia, Alfa Romeo, Fiat Professional and Abarth technical documentation offline (there is one pen for each brand).

KeyLearn contains all the information available on eLearn (Repair Manuals and Technical Bulletins) that you can view without needing to be constantly connected to the Internet. It can be updated at any time by technical documentation yearly subscribers with the latest published content simply by connecting to the web.

Log onto the following website to:

- obtain further information
- purchase USB pen drives online
- contact the helpdesk online
