Each cable in the wiring diagrams features a code (with one or two letters) which identifies the colour, as set out in the table below.

Cable colour	Code
BLACK	N
WHITE	B
LIGHT BLUE	A
BROWN	M
YELLOW	G
RED	R
GREEN	V
GREY	H
PINK	S
ORANGE	C
PURPLE	Z
BLUE	L

With the combined colour cables, the first colour indicated is the predominant one. E.g. RV = red cable with green stripes
